

DIAMOND BLADES

LD10UTR4

Supreme Tile Blade

APPLICATION SNAPSHOT

Mesh rim blades are quickly becoming the most popular style of small diameter diamond saw

blade on the market. They cut fast and stay sharp longer than traditional continuous rim tile

blades. Our newest version of mesh rim blade is designed to cut fast and clean both porcelain

tile and all natural stones. In internal testing this blade outperformed all other competitors in both

speed and durability. The added reinforced core keeps the blade cutting straight even on very

CONFIGURATIONS & TECHNICAL DETAILS

large format materials. Our 9" and 14" mesh rim blades have a more robust core designed for	high-speed gas and battery operated machines.
Porcelain	Tile
Ceramic	Pavers
