Antiquing Brush

APPLICATION SNAPSHOT

Diamond and Nylon wire brushes for creating leather finishes on natural stone.

Leathering brushes create a distressed 3 dimensional finish that is becoming more popular every day.

The leathering process uses several grits to erode the stone taking down the softer parts and leaving

the harder parts higher.

As you progress from the coarse brushes to the finer the color and texture get deeper and richer.

CONFIGURATIONS & TECHNICAL DETAILS

Highest quality and professional grade.	Comes with 5/8-11 and Snail Lock threads.
Available in 24, 36, 46, 60, 80, 120, 180, 240, 320, 400, 500, 600, 800, 1000, 1200, 1500,	1800, 2000 grits
